

## Run # 1991—Royal Peninsula H3 AGPU

Tue 16 March 2021 from Club 27 in Langwarrin

A merry little cohort of Lakesiders turned up early to the Royal Peninsula Hash AGPU—some of us anticipating heavy traffic on the freeway but happily finding a good run through which allowed us half an hour of drinking time before the run. Klingon, Addon and Drag On , and E&B made it there with Lethal, Roo Dog, Mutha Trukka and Blood Sukka claiming Lakeside as their numbered run.

The run was along roads that were unknown to us city slickers. Apparently there was a drink stop but it was hidden behind a church I think—so I lost trail along with Happy, Gibbo and Wong Way from D&E. At least we had Gibbo as a local who at least knew where we were. We back tracked and found trail being laid by the inseparable Mutha Trukka and Blood Sukka. Eventually got back to Club 27 to a scrumptious roast beef and salad dinner provided by Scaffs Catering (an old favorite of Lakesiders) and then a raucously loud circle. Fang gave up his GM's jacket and handed it over to FRC (no idea what those letter stand for but best kept that way!). A late night and lots of fun. It's always great to get with the other hashers of Melbourne—the hash family.
